

Capabilities Statement

Global Patent Solution's (GPS's) core competencies encompass professional support services, including general administrative support, contract management, business management consulting, technical and invention research, Intellectual Property (IP) analysis and consulting, classification and reclassification into taxonomies, Trademark and Paralegal support, data analysis and advanced software development. Our core areas of focus include:

- **Professional Scientific and Engineering Research and Analysis Services including Patent Cooperation Treaty Application (PCT) search, examination and written opinions.**
- **Patent Search, Trademark Search, Examination and Classification Services.**
- **Patent-Related Education, Training & Certification Program.**
- **Paralegal Support Services and Administrative Support, Business Consultative Services**
- **Trademark Fraud Investigation, Show Cause Order Support**

Our People:

- Administrators, versed in workflow management and control, contract administration, and other client support services. Many were paralegals at law firms, handling detailed administrative activities such as document reviews for compliance and completeness, as well as overseeing adherence to workflow schedules and handling all related client communications.
- More than 70 Engineers and Scientists, many with PhDs, Master's Degrees, Patent Agents, and former Patent Examiners with expertise in all USPTO patentable technology areas. We also employ patent attorneys and trademark attorneys, although we do not operate as a law firm. Many team members are also multilingual.

Past Performance:

- United States Patent & Trademark Office (USPTO); Contract Number: DOC50PAPT1200043 (Search and Examination for Patent Cooperation Treaty Applications): January 2012–Present. Total Value: \$200,000,000
- USPTO, Contract Number: DOC50PAPT1700018 (CPC Re-classification Services): March 2017–February 2027. Total Value: \$39,200,000
- USPTO, BPA number 1333BJ21A00130001 (TMFLEX Non-Examination Services) via GSA Contract Number: 47QRAA20D006D, September 2021-September 2026. Total Value: \$30,000,000
- Commercial Clients: GPS currently works with over 600 organizations around the world.
- GPS has performed projects in support of participants in the SBIR program for National Institutes of Health (NIH), specifically in support of participants who received backing as part of the Technical and Business Assistance (TABAs) Funding.
- For your convenience, you can easily contract for our professional services through our GSA Schedule Contract (Contract #47QRAA20D006D):
 - MAS 541611 – Management and Financial Consulting, Acquisition and Grants Management Support, and Business Program and Project Management Services. Provide operating advice and assistance on administrative and management issues.
 - MAS 511210 – Software Licenses
- Other NAICS Codes: 541990, 541199, 541690

Authority-to-Operate (ATO):

GPS has a NIST-certified operating environment in Amazon Web Services (AWS) and a current Authority-to-Operate (ATO) that is re-certified each year by the USPTO within the Department of Commerce.
